

Department of French Language and Literature

**The Research Plan for the French Language
Department
(2025–2029)**

Objectives	Activities	Mechanisms	Outputs	Success Indicators	Implementation Periods	Funding Source	Responsible for Implementation
1- Excellence in scientific research in terms of modernity of the topic and diversity of research topics	(a) Encouraging faculty members and young researchers in the department to participate in international conferences	(a) Preparing a database for researchers in the department (research titles and specializations)	- Producing high-quality and impactful scientific research and publishing it in international and regional scientific journals.	(a) Increasing the annual publication rate in the department	2025-2029	(a) Members of the French Language Department	(a) The committee responsible for preparing data in the French Language Department
	(b) Supporting research networks: Postmodernism studies network (Tahtawy network)	(b) Encouraging young researchers to participate in the research network	(b) Enhancing cooperation with the research network and similar research networks in Egyptian and foreign universities	(a-b) Raising the international ranking of the university		(b) - Helwan University - French Language Department - International and Egyptian French institutions (Community Service Sector with corporate sponsorship)	(b) Members of the research network and those responsible for it in cooperation with the French Institute and the French Language Department
		(b) Preparing conferences and seminars in cooperation with other departments in the faculty or in cooperation with counterpart faculties in other universities, thereby encouraging interdisciplinary research within the research network.					

	(c) Issuing a specialized scientific journal in literary, linguistic, and interdisciplinary studies, specific to the French Language Department	(c) Producing distinguished scientific research in the field of language, literature, and interdisciplinary studies	(c) Publishing specialized scientific research			(c) French Language Department	(c) French Language Department and the journal's editorial team
		(c) Forming specialized committees for journal management					
	(d) Supporting the library	(d) a - Concluding agreements with the department's library and libraries of French universities.	(d) a - Increasing the rate of access to books and periodicals in various specializations	(d) Increasing researchers' turnout for using the department's library		(d) French Language Department - Sponsors from supporting institutions	(d) Library team members Quality Outputs in the Department
		(d) b- Developing a plan to fund and supply the department's library with the latest books in various specializations.	The department's [library] is digitally indexed on the website of the Egyptian Universities Libraries Consortium, affiliated with the Supreme Council of Universities.				

Objectives	Activities	Mechanisms	Outputs	Success Indicators	Implementation Periods	Funding Source	Responsible for Implementation
2- Encouraging enrollment in postgraduate studies for department graduates and international students to continue their studies after graduation	(a) Attracting distinguished students and international students to complete postgraduate studies	(a) Improving admission mechanisms for postgraduate studies	(a-b) Researchers obtaining a high qualification that enables them to advance their careers and develop their professional skills	(a-b) Increasing the enrollment rate in postgraduate studies	Academic years 2025-2029		French Language Department - Quality committees in the department
		(b) Preparing a marketing plan to encourage international students to enroll in postgraduate studies, including: 1- Creating a shared page for postgraduate studies in the faculty. 2- Preparing a brochure about postgraduate programs and their importance. 3- Concluding cooperation agreements with regional and private universities that do not have postgraduate studies. 4- Communicating with academic and cultural attachés at the embassies of French-speaking African countries.	(a-b) Diversity of research and published theses	(a-b) Raising the international ranking of the university			
3- Increasing the effectiveness of curricula and postgraduate programs	(a) Achieving a balance between theoretical and practical application	(a) Using modern teaching techniques	Good program management.	(a-b-c) Increasing the enrollment rate	2025-2029		French Language Department

Objectives (Cont.)	Activities (Cont.)	Mechanisms (Cont.)	Outputs (Cont.)	Success Indicators (Cont.)
...and ensuring they meet the required professional scientific standards and the expectations of stakeholders.	(b) using and practical (professional) aspects in the program content.	...modern applications in translation)	- The postgraduate program obtaining quality assurance	(a-b-c) Employers' interest in hiring postgraduate students from the department
		(b) Developing course content to help students acquire skills in scientific research (analysis - writing scientific research) and translation using modern techniques		
		(c) Linking studies to labor market needs		
		(c) Paying attention to interdisciplinary studies and activating it as a core subject in the postgraduate program, and encouraging Master's and PhD researchers to conduct interdisciplinary research.		
		(d) Activating the role of the academic advisor - measuring the extent of student satisfaction with the programs.		
		(d) Preparing regulations for specialized diplomas and including them in the postgraduate program in the department in the fields of: 1- Business language and entrepreneurship 2- Tourism language 3- Media and Public Relations language 4- Technology and AI language		

Objectives	Activities	Mechanisms	Outputs	Success Indicators	Implementation Periods	Funding Source	Responsible for Implementation
4- Local and International Publishing	Developing an annual training plan for young researchers on how to publish locally, regionally, and internationally	The necessity of adopting clear policies that govern scientific research according to international standards	Achieving quality in publishing and expanding the circle of research publication at the regional and international levels	Increasing the rates of international, regional, and local publication			
5- Building bridges of cooperation with business organizations for the labor market	Inviting business people to participate and discuss the regulations of the postgraduate program's courses to identify the needs of the labor market	Developing mechanisms to activate the partnership between the department and business organizations	Cooperation between the concerned parties and the department through protocols and funding of high-quality research projects - Achieving the strategic objectives of the faculty and the university	Increasing funding rates and the community's benefit from scientific research	2025-2029	Concerned institutions	French Language Department
6- Academic cooperation with experts	Inviting experts in various specializations to support academic research	Establishing criteria for cooperation with experts	Exchanging expertise and viewpoints to support scientific research	Achieving quality in postgraduate programs	2025-2029	Business organizations	French Language Department
7- Preparing cadres in the field of research	Developing a plan that includes workshops and seminars to prepare cadres in the field of scientific research in cooperation with the Faculty and Leadership Development Center	Activating partnership with foreign external research institutions	Building qualified research cadres in line with scientific development to carry out their tasks in their field of specialization	Increasing the number of competent researchers capable of keeping pace with scientific development		French Language Department - Faculty Members	French Language Department - Faculty and Leadership Development Center at the university

Objectives	Activities	Mechanisms	Outputs	Success Indicators	Implementation Periods	Funding Source	Responsible for Implementation
8- Local, regional, and international contributions	Preparing workshops to inform department members about the importance of local and regional contributions to the development of education	Developing mechanisms to activate partnerships with French and regional universities in the field of education and scientific research development - Selecting a committee of department members to communicate with concerned institutions and develop an annual cooperation plan	Achieving the strategic objectives of the faculty and the university	Increasing partnership rates with various international and regional institutions	2025-2029	Concerned agencies	French Language Department, a specialized committee of department members
9- Enriching the cultural movement regionally and internationally	(a) Encouraging researchers to choose research topics that contribute to affirming cultural identity	(a) Publishing research that contributes to preserving cultural identity	Cooperation and cultural exchange between institutions and regional and international Arab universities	(a) Increasing the rate of research in this field	2025-2029		French Language Department and faculty members
	(b) Preserving cultural heritage	(b) Preparing seminars to promote this matter		(a-b) Achieving the research plan for the faculty's postgraduate studies and implementing the university's strategic plan.			
		(c) Communicating with regional and French universities to enhance cultural					

		cooperation between the two parties					
10- Developing environmental, economic, and social services in various fields of knowledge and science	(a) Preparing studies on the needs of the community and economic problems	(a) Providing information and databases on the actual needs of the community	(a-b) Achieving sustainable development and community development	Achieving the strategic plan of the university and the faculty	2025-2029		French Language Department
	(b) Developing a plan that includes workshops on how to develop environmental services and solve community problems	(b) Developing mechanisms to activate partnership with the French Development Agency (the French Agency works in French-Egyptian cooperation since 2006 to support the economic, social, and environmental transformation processes in Egypt.)
