Department of Hebrew Language

The Research Plan for the Hebrew Language Department (2025-2029)

كلية الآداب
FACULTY OF ARTS

Objectives	Activities	Mechanisms	Outputs / Success Indicators	Implementation Period	Funding Source	Responsible for Implementation
1. Excellence in scientific research in terms of the modernity of the topic and the diversity of research topics.	✓	The department members publish diverse contemporary research. Over the last five years, research has been related to Israeli discourse and its linguistic analysis, while other research is related to contemporary religious thought. It is characterized by diversity among the different fields of thought: literature, language, and religion.	All such research is accepted for publication and is noted for its excellence.	2025–2029	-	Every member in their field of specialization.
2. Encouraging enrollment in postgraduate studies for the department's graduates and incoming students to continue their studies after graduation.	✓	Postgraduate studies regulations that include highly specialized programs.	A collection of theses registered in the faculty that reflect these programs.	2025–2029	-	The Department Council
3. Increasing the effectiveness of curricula and postgraduate programs and ensuring they meet the required professional and scientific standards and the expectations of concerned parties.	✓	Postgraduate studies regulations that include highly specialized programs.	A collection of theses registered in the faculty that reflect these programs.	2025–2029	-	The Department Council
4. Local and International Publication.	✓	Encouraging department members to publish and achieve scientific excellence.	Research by the department's faculty members is characterized by its diversity among the different fields of thought: literature, language, and religion.	2025–2029	-	The Department Council

Research Priorities for the Department

- Research that presents a contemporary vision of the nature of Israeli society and its issues.
- Research that deals with discourse and its analysis in terms of linguistic structure and intellectual content.
- Research related to the historical and cultural framework, especially that which represents projections onto contemporary reality.
- Research in the field of contemporary religious thought.
- Research related to the reality and problems of contemporary Israeli society.

Topics in which research will be Paused

- Research related to the comparison of religions.
- Classical topics in language and literature that have been exhaustively researched, such as generations of Hebrew literature or morphological structures in ancient Hebrew.
- Linguistic analysis of the books of the Old Testament.
- The Syriac language.
- History of Syriac literature.
